

ALTRO K30 For Kitchen

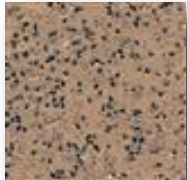

Specified throughout the world, Altro's unique safety flooring system has been reducing slip and fall accidents for over fifty years. No other flooring has such an unchallenged reputation for slip resistance, durability and hygiene. Nor can other companies offer such a wide range of practical floorings, which solve so many individual problems. Our experience in seamless installations that comply with international hygiene regulations is unsurpassed, as is our commitment to customer satisfaction. Stringent quality control, from raw material to finished product, has resulted in installations that have retained slip and wear resistance, colour and hygiene properties for over twenty years.

Dolphin - K3010

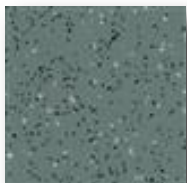

Lagoon - K30910

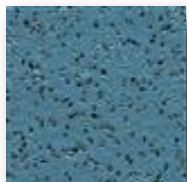

Maple - K30522

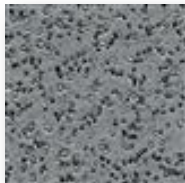

Russet - K30262

Surf - K30412

Monsoon - K30153

Oyster - K30215

Life expectancy guide:
20 years

Impact Resistance @ 20°C:
Excellent

Slip potential ≥ 36 :
Low

Slip potential ≥ 36 :
Low

Cigarette burn resistance:
Poor

Sound absorption:
Good

Recommended service temperature:
-30°C - 60°C

Hygiene:
Good

Ease of Cleaning:
Moderate

Chemical Resistance @ 20°C:
High

Fire tests:
EN13501-1

Skirtings & wall finish compatibility:
Skirting, Self Covered Skirting, Roll/Sheet

Thickness:
3000 Microns

Format availability/ application method:
Roll, Sheet

Wear characteristics:
Heavy Commercial
