

COMPANY PROFILE

PRIMA SENTRIS GROUP

Since established in 1991 as a trading company, *Prima Sentris Group* has been consistently becoming the leading national supplier in the transportation component industry in Indonesia. Flourishing from a division under PT Rahayu Santosa, the Group now has 4 subsidiaries.

Fully incorporated in 2004, the group has widened its line of business into the transportation equipment industry and commercial vehicle dealership, with a vision of becoming the leader in the competition of transportation equipment industry & commercial vehicle business in Indonesia.

We have been successfully representing the leading brand in the industry, such as:

- Bansbach, Germany
- Altro, UK
- Graboplast, Hungary
- Fainsa, Spain
- KAB, Australia
- Happich, Germany
- Bilgic Kalip, Turkey
- TM, Germany
- IHS, Japan
- etc

Our success is mainly driven by the company's mission, to put forward the latest technology & innovation to better serve our customers. Along with best sales and after sales service support, we have been recognized as the company that puts our customers' satisfaction in the highest priority.

It is our philosophy to consistently provide most values to our stakeholders: our customers, our employees, our shareholders & our community. We are committed to our tradition: to give our best service to our customers along with ongoing advanced innovations. Currently there are 4 companies under the *Prima Sentris Group*, serving our customers throughout South East Asia. With our extensive experiences and competences in Indonesia, we look forward to become your partner: *to help you to achieve your visions!*
